EXPLANATORY NOTE

Pursuant to a limited review of our reports by the Securities and Exchange Commission (“SEC”), the SEC has requested that we amend this quarterly report for the period ended June 30, 2013 to clearly disclose the conclusions of our management regarding the effectiveness of our controls and procedures. Other than the changes in Item 4, the disclosures in this amended report are as of the initial filing date of August 13, 2013 and this report does not include subsequent events.

PART I – FINANCIAL INFORMATION

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) that are designed to be effective in providing reasonable assurance that information required to be disclosed in our reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission (the “SEC”), and that such information is accumulated and communicated to our management to allow timely decisions regarding required disclosure. Our Chief Executive Officer and Chief Financial Officer evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, they concluded that our disclosure controls and procedures were effective for the quarterly period ended June 30, 2013.

In designing and evaluating disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute assurance of achieving the desired objectives. Also, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs.

Changes in internal controls

Our management, with the participation our Chief Executive Officer and Chief Financial Officer, performed an evaluation to determine whether any change in our internal controls over financial reporting occurred during the three-month period ended June 30, 2013. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that no change occurred in the Company's internal controls over financial reporting during the six months ended June 30, 2013 that has materially affected, or is reasonably likely to materially affect, the Company's internal controls over financial reporting.
