INFORMATION STATEMENT REGARDING ACTION TO BE TAKEN BY WRITTEN CONSENT OF MAJORITY SHAREHOLDERS IN LIEU OF A SPECIAL MEETING PURSUANT TO SECTION 14(c) OF THE SECURITIES EXCHANGE ACT OF 1934

This Information Statement is furnished to the stockholders of Starco Brands, Inc. (the “Company”) (formerly Insynergy Products, Inc.) in connection with our prior receipt of approval by written consents, in lieu of a special meeting, of the holders of a majority of our outstanding voting power authorizing the board of directors (the “Board”) of the Company to amend the articles of incorporation of the Company.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY

The matter upon which action is being taken is to amend the Company’s Articles of Incorporation to authorize a class of preferred stock (the “Corporate Action”).

The record date established by the Board for purposes of determining the number of outstanding shares of voting common stock of the Company was September 8, 2017, (the “Record Date”). On September 8, 2017, three (3) stockholders, holding 45,166,354 shares of common stock, representing 62.23% of the votes entitled to be cast at a meeting of the Company’s stockholders, consented in writing to the Corporate Action.

The Corporate Action cannot be effectuated until twenty (20) days after the mailing of this Information Statement to our stockholders. After that time period, the Company shall file the Certificate of Amendment to the Articles of Incorporation with the Secretary of State of the State of Nevada (the “Certificate of Amendment”). The text of the Certificate of Amendment may be subject to modification to include such changes as may be required by the Nevada Secretary of State to effectuate the Certificate of Amendment.

The entire cost of furnishing this Information Statement will be borne by our Company. We will request brokerage houses, nominees, custodians, fiduciaries and other like parties to forward this Information Statement to the beneficial owners of our common stock held on the Record Date.

CORPORATE ACTION: AUTHORIZE PREFERRED STOCK

Our current Articles of Incorporation, as amended, do not provide for a class of preferred stock. Our Board unanimously proposed that our Articles of Incorporation be further amended, subject to stockholder approval, to establish a class of preferred stock in the aggregate amount of Forty Million (40,000,000) authorized shares, \$0.001 par value (the “Amendment”).

Stockholder approval for the Amendment was obtained by written consent of stockholders holding a majority of our issued and outstanding common stock as of September 8, 2017.

The Amendment shall be filed with the state of Nevada at the discretion of our Board, but not earlier than twenty (20) days following the mailing to stockholders of this Definitive Information Statement.

Purpose and Effects of Establishing a Preferred Class

Our Board believes the establishment of a preferred class of stock in the aggregate amount of 40,000,000 authorized shares is necessary and advisable to provide flexibility for financial and corporate purposes. The authorization of the preferred stock will enable the Company, without further stockholder approval, to issue preferred stock from time to time as may be required for proper business purposes, such as raising additional capital for ongoing operations, business and asset acquisition, stock splits and dividends, future employee benefit programs and other corporate purposes. Having a substantial number of authorized but unissued shares of preferred stock that are not reserved for specific purposes will allow us to take prompt action with respect to corporate opportunities that develop, without the delay and expense of convening a meeting of stockholders or obtaining the written consent of stockholders for the purpose of approving an increase in our capitalization.

The Amendment allows the Board to divide the authorized preferred stock into such series as the Board designates and to fix and determine the relative rights and preferences of the shares of any preferred series established to the full extent permitted by the laws of the Nevada. The Company shall file a Certificate of Designation with the Secretary of State of Nevada establishing the rights and preferences of such preferred stock. The Board shall have authority to designate that any specific preferred series may have superior rights and preferences in the event of dissolution and may also be entitled to conversion into common stock, which may change the relative voting power of our currently outstanding common stock. The Board shall have the authority to establish dividend, or interest rates, conversion prices, voting rights, redemption prices, maturity dates and similar matters related to any series of preferred stock. Pursuant to the Amendment, our Board will not seek stockholder approval prior to any designation of a series of preferred stock, unless otherwise required by law or regulation.

The authorization of shares of preferred stock could have other effects on our stockholders, depending upon the nature and circumstances of any future issuance of authorized but unissued preferred stock. In addition, the issuance of any newly authorized shares of common stock as a result of conversion of any series of preferred stock will reduce the current stockholders' percentage ownership interest in the total outstanding shares of common stock and may reduce a stockholders' equity per share and voting power.

Potential Anti-takeover Effects of the Amendment

The authorization of preferred stock could have an anti-takeover effect, in that additional preferred stock could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of the Company more difficult. The Board could issue additional preferred stock so as to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company. Similarly, the issuances of additional preferred stock to certain persons allied with our management could have the effect of making it more difficult to remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal.

Our Board does not currently contemplate the adoption of any other amendments to our Articles of Incorporation that could be construed to affect the ability of third parties to take over or change the control of the Company. While it is possible that management could use the additional shares to resist or frustrate a third-party transaction providing above-market premium that is favored by a majority of the independent stockholders, we currently have no plans or actions to adopt other provisions or enter into other arrangements that may have anti-takeover ramifications.

Any preferred stock issued in the future may rank senior to our common stock with respect to the payment of dividends or amounts upon liquidation. According to our Bylaws and the Amendment, neither the holders of common stock nor holders of our preferred stock have cumulative voting rights in the election of directors. The combination of the present ownership by a few stockholders of a significant portion of our issued and outstanding common stock and any future preferred stock and lack of cumulative voting make it more difficult for other stockholders to replace the members of our Board or for a third party to obtain control of our Company by replacing our Board.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

As of the Record Date there were 72,572,068 shares of \$.001 par value common stock issued and outstanding. The common stock constitutes the outstanding class of voting securities of the Company entitled to vote in connection with the Corporate Action described herein. Each stockholder is entitled to one vote per share of common stock on any matter that properly comes before the stockholders and the common stock does not provide any preemptive rights to stockholders. The Company's bylaws provide that a majority of the outstanding shares are required to approve any corporate action.

The following table lists the beneficial ownership of our outstanding common stock by our management and each person or group known to us to own beneficially more than 5% of our voting common stock. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission ("SEC") and generally includes voting or investment power with respect to securities. Based on these rules, two or more persons may be deemed to be the beneficial owners of the same securities. Except as indicated by footnote, the persons named in the table below have sole voting power and investment power with respect to the shares of common stock shown as beneficially owned by them. The percentage of beneficial ownership is based on 72,572,068 shares of common stock outstanding as of September 8, 2017.
