DESCRIPTION OF CORPORATE ACTIONS

ACTION 1

ADOPTION OF THE 2023 EQUITY PLAN

Approval of 2023 Equity Plan

Our board of directors (“Board”) and management believe that the effective use of stock-based long-term incentive compensation is vital to our ability to achieve strong performance in the future. The Starco Brands, Inc., 2023 Equity Incentive Plan (the “2023 Equity Plan”) will maintain and enhance the key policies and practices adopted by our management and Board to align employee, officer, director and stockholder interests. In addition, our future success depends, in large part, upon our ability to maintain a competitive position in attracting, retaining and motivating key personnel. We believe that the adoption of the 2023 Equity Plan is essential to permit our management to provide long-term, equity-based incentives to present and future employees.

The 2023 Equity Plan has been approved by certain stockholders holding 250,639,674 shares of the Company’s Class A common stock (the “Majority Stockholders”), constituting a majority of the voting rights of our Class A common stock in order to ensure (i) favorable federal income tax treatment for grants of incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) eligibility to receive federal income tax deduction for certain compensation paid under the 2023 Equity Plan by complying with Rule 162(m) of the Code. The Company has reserved a total of 100,000,000 shares of our authorized Class A common stock, par value \$0.001 per share for issuance under the 2023 Equity Plan.

The following is a brief summary of the 2023 Equity Plan. This summary is qualified in its entirety by reference to the text of the 2023 Equity Plan, a copy of which was filed by the Company on a Current Report on Form 8-K with the Securities and Exchange Commission, on November 29, 2023.

General

The 2023 Equity Plan enables our Board to provide equity-based incentives through grants of awards to the Company’s present and future employees, officers, directors, consultants and other third party service providers.

The terms and number of stock options or other awards to be granted in the future under the 2023 Equity Plan are to be determined in the discretion of the Board. The Company has not had prior equity incentive plans, and therefore no awards have been granted under previous plans.

Shares issued under the 2023 Equity Plan through the settlement, assumption or substitution of outstanding awards or obligations to grant future awards as a condition of acquiring another entity will not reduce the maximum number of shares of Class A common stock reserved for issuance under the 2023 Equity Plan. In addition, the number of shares of Class A common stock subject to the 2023 Equity Plan, any number of shares subject to any numerical limit in the 2023 Equity Plan, and the number of shares and terms of any incentive award may be adjusted in the event of any change in our outstanding Class A common stock by reason of any stock dividend, spin-off, split-up, stock split, reverse stock split, recapitalization, reclassification, merger, consolidation, liquidation, business combination or exchange of shares or similar transaction.

Administration

The Board or such committee as is designated by our Board (in each case, the “Committee”), will administer the 2023 Equity Plan. Subject to the terms of the 2023 Equity Plan, the Committee will have complete authority and discretion to determine the terms of awards under the 2023 Equity Plan.

The 2023 Equity Plan authorizes the grant of Incentive Stock Options and Non-Qualified Stock Options (each an “Option”). Options granted under the 2023 Equity Plan entitle the grantee, upon exercise, to purchase a specified number of shares of Class A common stock from us at a specified exercise price per share. The Committee will determine the period during which an Option may be exercised, as well as any Option vesting schedule, except that no Option may be exercised more than 10 years after the date of grant. The exercise price for shares of Class A common stock covered by an Option cannot be less than the fair market value of the Class A common stock on the date of grant. Under the 2023 Equity Plan, a participant may not surrender an Option for the grant of a new Option with a lower exercise price or another award.

The aggregate fair market value, determined on the date of grant, of shares for which Incentive Stock Options granted under the 2023 Equity Plan become exercisable by a participant during any calendar year shall not exceed \$100,000, and any amount in excess of \$100,000 shall be treated as Non-Qualified Stock Options. If an Incentive Stock Option is granted to any employee of the Company who owns more than 10% of the total combined voting securities of the Company, the option price of such Incentive Stock Option shall be at least 110% of the fair market value of the Class A common stock on the date of grant, and such Incentive Stock Option shall not be exercisable more than five years after the date of grant.

Exercise of Stock Options

An Option’s exercise price may be paid in cash or by certified check at the time the Option is exercised, or, at the discretion of the Committee, (1) a reload option whereby the exercise price is paid by exchange of other Class A common stock with a fair market value equal to the Option exercise price; (2) a “cashless exercise” exchange established with a broker; (3) by “cashless exercise” through reducing the number of shares of Class A common stock otherwise deliverable upon exercise with the fair market value equal to the aggregate Option exercise price; or (4) any combination of the previous methods.

Restricted Stock Awards

The 2023 Equity Plan also authorizes the grant of Restricted Stock Awards on terms and conditions established by the Committee, which may include performance conditions. The terms and conditions will include the designation of a restriction period during which the shares are not transferable and are subject to forfeiture.

Restricted Stock Units

The 2023 Equity Plan also authorizes the grant of Restricted Stock Units to certain eligible persons on terms and conditions established by the Committee, which may include performance conditions. The terms and conditions will include the designation of a restriction period during which the shares are not transferable and are subject to forfeiture.

Change in Control

The Committee may make provisions in awards with respect to a change in control. Under the 2023 Equity Plan, in the event of a change of control and absent any terms to the contrary in an award agreement, the Committee may take such actions to provide for one or more of: (a) accelerating the vesting of any or all awards; (b) assuming or substituting any or all outstanding awards; (c) cashing out any or all outstanding awards immediately before the change in control; (d) cancelling any or all outstanding awards as of the consummation of the change in control, provided that such outstanding awards are first exercisable for a period of at least 10 days prior to the change in control; and (e) the replacement of any or all outstanding awards with a cash incentive program that preserves the value of the awards so replaced.

Duration, Amendment and Termination

The Committee may suspend or terminate the 2023 Equity Plan without stockholder approval or ratification at any time or from time to time. Unless sooner terminated, the 2023 Equity Plan will terminate on the day prior to the tenth anniversary of its effective date. The Committee may also amend the 2023 Equity Plan at any time, except that no amendment shall be effective unless approved by our stockholders to the extent stockholder approval is necessary to satisfy any applicable laws or the applicable rules of a national securities exchange on which the Class A common stock is listed. No change may be made that increases the total number of shares of Class A common stock reserved for issuance pursuant to awards or reduces the minimum exercise price for options or exchange of options for other awards, unless such change is authorized by our stockholders. A termination or amendment of the 2023 Equity Plan will not, without the consent of the participant, adversely affect a participant’s rights under a previously granted award.

Restrictions on Transfer

Incentive Stock Options may not be transferred or exercised by another person except by will or by the laws of descent and distribution. Nonqualified Stock Options may, in the sole discretion of the Committee, be transferrable to certain permitted transferees as provided in the individual award agreements.

Federal Income Tax Information

The following is a general summary of the current federal income tax treatment of awards, which are authorized to be granted under the 2023 Equity Plan, based upon the current provisions of the Code and regulations promulgated thereunder. The rules governing the tax treatment of such awards are quite technical, so the following discussion of tax consequences is necessarily general in nature and is not complete. In addition, statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. Finally, this discussion does not address the tax consequences under applicable state and local law.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE 2023 EQUITY PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF AN INDIVIDUAL’S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH ANY ELIGIBLE INDIVIDUAL MAY RESIDE.

Incentive Stock Options

A participant will not recognize income on the grant or exercise of an Incentive Stock Option. However, the difference between the exercise price and the fair market value of the Class A common stock on the date of exercise is an adjustment item for purposes of the alternative minimum tax. If a participant does not exercise an Incentive Stock Option within certain specified periods after termination of employment, the participant will recognize ordinary income on the exercise of an Incentive Stock Option in the same manner as on the exercise of a Non-Qualified Stock Option, as described below. The general rule is that gain or loss from the sale or exchange of shares of Class A common stock acquired on the exercise of an Incentive Stock Option will be treated as capital gain or loss. If certain holding period requirements are not satisfied, however, the participant generally will recognize ordinary income at the time of the disposition. Gain recognized on the disposition in excess of the ordinary income resulting therefrom will be capital gain, and any loss recognized will be a capital loss.

Non-Qualified Stock Options

A participant generally is not required to recognize income on the grant of a Non-Qualified Stock Option, a stock appreciation right, restricted stock units, a performance grant, or a stock award. Instead, ordinary income generally is required to be recognized on the date the Non-Qualified Stock Option or stock appreciation right is exercised, or in the case of restricted stock units, performance grants, and stock awards, upon the issuance of shares and/or the payment of cash pursuant to the terms of the incentive award. In general, the amount of ordinary income required to be recognized is (a) in the case of a Non-Qualified Stock Option, an amount equal to the excess, if any,

of the fair market value of the shares on the exercise date over the exercise price, (b) in the case of a stock appreciation right, the amount of cash and/or the fair market value of any shares received upon exercise plus the amount of taxes withheld from such amounts, and (c) in the case of restricted stock units, performance grants, and stock awards, the amount of cash and/or the fair market value of any shares received in respect thereof, plus the amount of taxes withheld from such amounts.

Gain or Loss on Sale or Exchange of Shares

In general, gain or loss from the sale or exchange of shares of Class A common stock granted or awarded under the 2023 Equity Plan will be treated as capital gain or loss, provided that the shares are held as capital assets at the time of the sale or exchange. However, if certain holding period requirements are not satisfied at the time of a sale or exchange of shares acquired upon exercise of an incentive stock option (a “disqualifying disposition”), a participant generally will be required to recognize ordinary income upon such disposition.

Deductibility by Company

The Company generally is not allowed a deduction in connection with the grant or exercise of an Incentive Stock Option. However, if a participant is required to recognize ordinary income as a result of a disqualifying disposition, we will be entitled to a deduction equal to the amount of ordinary income so recognized. In general, in the case of a Non-Qualified Stock Option (including an Incentive Stock Option that is treated as a Non-Qualified Stock Option), a stock appreciation right, restricted stock, restricted stock units, performance grants, and stock awards, the Company will be allowed a deduction in an amount equal to the amount of ordinary income recognized by a participant, provided that certain income tax reporting requirements are satisfied.

Performance-Based Compensation

Subject to certain exceptions, Section 162(m) of the Code disallows federal income tax deductions for compensation paid by a publicly-held corporation to certain executives (generally the five highest paid officers) to the extent the amount paid to an executive exceeds \$1 million for the taxable year. The 2023 Equity Plan has been designed to allow the Committee to grant stock options, restricted stock, restricted stock units, and performance grants that qualify under an exception to the deduction limit of Section 162(m) for performance-based compensation.
